## EDUCATION

### St.Pauls School — *Class 10th*

ICSE 2016

I completed my 10th class and secured distinction marks.

### St.Pauls School — *Class 12th*

2016 - 2018

I secured distinction marks in my Intermediate.

### Greater Noida Institute Of Technology, Gr.Noida — *Degree*

2018 - Present

I am pursuing B. Tech in Information Technology and expecting to graduate in 2022.

## PROJECTS

### Face Recognition — *Python(Data Science)*

I've developed a face recognition project based on Python.

### Telegram Bot — *A conversational bot (Python)*

I've developed a bot that gives you top news and can also talk with you like an assistant

### Web Automation and Scraping

I made a couple of cool projects for web automation and web scraping in Python

### Portfolio Website

I made my personal website from scratch using HTML, JavaScript, CSS and Bootstrap. I've also used few open source plugins developed by other developers.
